

A New Generation. A New Era.

# ***ULTIMATE FORCE***

*Ultimate Force Stretch Film from Paragon Films, Inc. is the latest in a long line of high performance films.*

Combining years of manufacturing experience, advanced extrusion technology and blending of high grade resin, Paragon, once again leads the industry with a new innovative product. ■ Ultimate Force derives its performance from proprietary blending and layering of the highest quality resins available. With stretch levels in excess of 300% and puncture resistance never before seen in thin gauge films, Ultimate Force creates a worry free package. Although it excels in fully automated systems, Ultimate Force also delivers the perfect load containment for any application. ■ As with all Paragon products, Ultimate Force is backed by a performance guarantee of 100% satisfaction.

## ***Why Ultimate Force . . .***

- Resin blending and layering improve elongation and puncture
- 300% pre-stretch leads to reduced packaging cost
- Cast extrusion yields unsurpassed gauge control and optics
- Performance guarantee
- Differential Cling

### features

- Five Distinct Layers →
- Cast Manufacturing Process →
- High Stretch-300% →
- Superior Load Retention →
- Excellent Puncture Resistance →
- High Clarity →
- Maximum Film Performance
- Consistent Film Performance
- Reduced Package Cost
- Tighter Package / Reduced Shifting
- Improved Product Protection / Reduced Breaks
- Product Identification / Bar Coding
